## **Shawnee Township Fire Department**

## Pre-Fire Inspection Checklist

At Shawnee Township Fire Department, our goal is to ensure that everyone in our community practices fire safety. One of the ways we do this is by conducting periodic Fire Safety Inspections of all commercial occupancies. Many things that are considered common practice can actually be a fire hazard. Shawnee Township has adopted the 2017 Ohio Fire Code to ensure that good fire safety practices are being followed. Below are some of the common hazards that we look for:

EXILS/ E	mergency Lighting
Е	xit doors open easily, no unapproved locks or latches on exit doors
	lo obstructions in exits, aisles, corridors, and stairways
	lo combustible storage in exits (including stairwells)
	Inlock all exit doors during business hours
	<u> </u>
	xits and exit doors are marked by "EXIT" signs with letters at least 6" high on contrasting background
	ighting provided for exits, aisles, corridors, and stairways
	Il exit signs and emergency lighting functional
	occupant load is posted in areas of assembly
E	vacuation plans developed and trained on
<u> </u>	
	otection Systems/Equipment
F	ire extinguishers installed as required, free of obstruction (and marked by signage if not readily visible)
F	ire extinguishers are serviced annually
F	ire alarm systems installed as required, tested annually and according to NFPA 72
	Maintain access to/operation of all fire protection equipment (standpipes, sprinklers, hydrants, etc.)
	ddress numbers are visible from the street
	Naintain access to fire lanes, remove obstructions
	name access to the lanes, remove obstructions
Fire Se	parations
	eep attic/scuttle covers closed, and ceiling tiles in place
	emove obstructions from fire doors and maintain operation (do not prop open)
	eal unapproved openings with approved material (plumbing and electrical chases)
	ear driapproved openings with approved material (plumbing and electrical chases)
